I am a Fluke in the world
I haven't spoken a single word
I'll have to wade through the bullshit
Baby just to find my own vision of pearl
I am a fluke in your world
And even tho it's a bit absurd
I've been living in a dreamworld man
And I hope you'll enjoy what I've heard

Can't you see through me?
Can't you hear through me?
Just a moment in time...

FREAK!!! ...FLUKE!!!

Down and under I've felt the toll
You can't hurt me any more

I'm not afraid of you anymore!

Can't you see through me?
Can't you hear through me?
...Corona without a lime.
