"The Love Of God"

Visit "[The Love Of God](#)" on MotoLyrics.com

The love of God has been extended
To the fallen race
Through Christ the Savior of all men
There's hope in saving grace

Chorus
The love of God
Is greater far than gold or silver
Ever could afford
It reaches past the highest star
And covers all the world
It's power is eternal
It's glory is super
When all this earth
Has passed away
There'll always be
The love of God

It grows beneath the deepest depth
Where sin could ever live
Redeeming souls to live again
Who will on Christ believe

Chorus again
