Something tells me
I can trust in you
There's no pretense
In the things you do
So much water
Under this bridge
And I'm standing here
At the water's edge

Looking into your eyes
I'm crossing the river
To get to you
I'm crossing the river
Crossing the river

You have the longing
Of a broken heart
Shined your light in a room
That was frozen dark

Looking into your eyes (yeah-heah)
Looking into your eyes
I'm crossing the river (crossing the river)
To get to you
I'm crossing the river (crossing the river)
And this time I'll make it through
With your faith and your arms open wide
I see you there on the other side
Crossing the river
Of fear and pride

There's no turning back I know
I've come so far
And I've got so far to go

I'm crossing the river (crossing the river)
To get to you
I'm crossing the river (crossing the river)
And this time I'll make it through (oh yeah)
With your faith and your arms open wide
I'll see you there on the other side

Crossing the river
Of fear and pride (fear and pride, oh yeah)

I'm crossing the river
I'm crossing the river (crossing the river)
I'm crossing the river
To get to you
