you dont no how sick that it can be
when i crack hands get pissed with the family
my brain is insisting, maybe im twisted
cos ive got mad men around me
i come up with ghetts and dogz how the fuck d'you
expect me not to be rowdy
ill flip the script like a pog
then what you can all drop dead like bambi
with the rhymes im handy like andy
so high that ill stand on the andies
murder a man on the mic when im angry
i put my dick on your girlfriends lip like a lolly or a
candystick
then run to the backdoor quick im sick
what the fuck did you think
i was ever gonna love this link
now im walking home with her old mans brandy
listen jims disgusting
and your thick if you think you can trust him
as far as a sumo wrestler physically thrust him
im gonna blow like a porn star busting
life is a bitch with a beard and a ???? dustbin
get ya nuts in
i gotta get stuck right in if i really wanna win
how many wanna swing on this lyrical thing
not many im burying any you bring
decapitate any bitch like henry the eighth
so dont try put it to the king
theres certain rules to abide by
make a man drop like a drive bye
when i gotta mic and a hi-fi im lord of the ring
draw for my sword then swing
for his chin leave half of his jaw line gone with the wind
let ya mouth run away then what can i say
your on the floor with pins in all four limbs
like christ in his final days
remove the skin from your shins and use it as a
blindfold for your face
you wouldnt wanna see what i do
wouldnt wanna be in my crew or be in my shoes
you wanna drop bars like these on a tune you wouldnt

wanna be in the booth
youll be out of your depth
ill rip a main artery out of your neck
ive said more in half of a sec
then you could ever contain in one breath
im just spitting abnormal ability
lyrically like paranormal activity
coming out for the fight of my life
like im muhammad ali in the Philipians
its jim laden
dont take offence like a theive in the garden
you just can mimic me
lyrically i cannot be explained scientifically
