(I will be gone before you wake  
I will be gone before oh yes  
I will be gone before you wake  
I will be gone)

Listen, yeah carry on whinging and whining  
And get left to regret what you said  
I'll be out the door in a sec  
Like Usain Bolt i'm quicker than lightening  
I'm tired of irony  
And hours on end, the bickering, fighting  
I blame my surroundings  
A relationship defined in violence  
It blossomed, and it bloomed  
Now it's rotten and i'm blue  
And even though I still love you  
I can't go through with the doom and the gloom again  
That's the truth my friend  
I'm not leaving for another lady  
I felt I had to depart  
Cos if I didn't I'd kill you, maybe

Chorus  
Ah, everything fades away  
The sun goes on and on  
You can't go against the grain  
You gotta let it go, let it go  
Ah, everything fades away  
The sun goes on and on  
You gotta let it go, let it go  
I just wanna be left alone,  
It's time to let it go  
I just wanna be left alone  
I think it's time you let it go

The sun doesn't always shine  
I'm stuck in a solar eclipse  
Even though I love you to bits

I'm done with the pain that we both inflict  
Upon one another  
It don't make me happy to watch you suffer

Run back to your mother  
Tell her I turned out the same as the others  
I don't know how to handle ya  
All you do is make me angrier  
Till I wanna manhandle ya  
I'm contemplating whether to kiss ya or strangle ya  
But I can't put my hands on ya  
Like a burning flame in the burning flames  
In hell if i did so im walkin away  
I can no longer stand with ya

(Chorus)

You took me high you took me low  
You sold your soul with lies you told  
And now it's time to ride alone  
The lights will guide me home  
The more I gave, the more you take  
Now I'll be gone before you wake  
Cos I just can't ignore my fate  
Forget the day you saw my face

(I will be gone)  
In the blink of an eye  
(I will be gone)  
With the stars in the sky  
(I will be gone)  
And you're askin me why  
(I will be gone before you)

(Chorus)
