Golden energy
For the guy or gal
Whose had a hard hard day
Golden energy
To help you meet the demands
Of an energetic mate
Or a red hot date
Golden energy dripping down on you
Golden energy
Natural aphrodisiac
Golden energy
Working hard to keep you on full
Pumping iron all the way
Keeps you from being too
Too tired

Rootin bootin sure fired
Golden energy meets all requirements
Posts no bills
Poots no guff
Needs no prescriptions
Golden energy handle if you care
If you dare
Help yourself to another share
