Hell is where you put me  
And hell is where you're going to  
Until the next life  
I say this twisted prayer for you  
May the torment you put out  
Come back around twice multiplied.

Even though you let me go  
I've got to let you know  
I'd cry if you died.

The past is where you see me  
The past is what will bring you down  
Destiny a moon eclipsed  
In the shadows all is darkness now  
May the evil in your heart  
Be your one and only friend for life

You pretend I don't exist  
I have to let you know  
I'd cry if you died

Somewhere special  
Voices form words  
And the words have meaning  
So I reach out for someone new  
And I wonder  
Will it ever be alright  
(then I hear you secret radio  
Signaling that it's time to go)

Hell is where you put me  
And hell is where well meet again  
I will be waiting  
To repeat a scene that never ends  
Molten pools of mockery  
Reflect a million sleepless nights  
Even though you acted low  
I've got to let you know  
I'd cry if you died
