"Kill With Me Tonight"

Lay your hands upon me
Lay my head down low
Take this sickness from me
From my world below

Use your eyes as weapons
Deep in the nighttime sky
Choose your words so slowly
To watch you now I wonder why

Hold me close, I feel it coming
Far away and out of sight
Hold me close, I know it's coming
Changes to our lives
So kill with me tonight

Know these days will take you
Know it won't be long
Could you do it for me?
Could you be that strong?

And your mind may weaken
You may find yourself
Lost alone and bleeding
But for now there's no one else

So just hold me close, I know it's coming
Far away and out of sight
Hold me close, I feel it coming
Changes to our lives
So kill with me tonight

Hold me close, I feel it coming
Far away and out of sight
Please, you know I forget nothing
Changes to our lives
So kill with me tonight, kill with me tonight
Tonight it's gonna be alright

Kill with me tonight, it's alright
Know it's gonna be alright
