Question for all you
Who should know
Much better
But don't.

With your brains and your instincts around you
Why do you
Still blow it?

Big fish eat the little fish
No fish left to eat
Big man beats the little man
'til the little man starts to beat
And the little man starts to beat

I have been hurt
I will hurt others
That's what he said

I have been hurt
I will hurt others
That's what he said

Question for all you
Who don't know
Much better
But should

Maybe the time's come
To use what you got
For some good

I have been hurt
I will hurt others
That's what he said
That's what he said

I have been hurt
Love is for others
That's what he said
That's what he said
