Tell me your secret, what you desire
I will still be there for you
And tell me you need it ,tell me something you're not
I will still be there for you
Say you believe it, all of your lies
Tell me you feel it and don't compromise
I will still be there for you

You're lighting my dreams
Light up my skin, so far away
You're holding it in
I'm looking around, watching it spin
God my world outside is changing something
Within

Tell me you reach it, some of the time
What you're searching for
Does the love that surrounds you
Get you down and kick you to the floor
So tell me you see it, with your own eyes

Tell me the sky is falling now in your world
I will still be there for you

You're lighting my dreams
Light up my skin, waiting so long, time to begin
I'm looking around, watching it spin
God my world outside is changing something within

So tell me the reasons, show me the signs
Say you desire, desire me now in this world
It's our world

You're lighting my dreams, light up my skin
You're so far away, you're holding it in
I'm looking around, watching it spin
God my world outside is changing something
Within

It's our world, but time moves
Time moves on in our world.
