It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

Everyone's going to parties  
They're all laughing, having fun  
It takes a worried man  
To sing a worried song  
Everything is fucked up  
Its all coming down  
It takes a worried man  
To sing a worried song

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

I see you there  
We'll have a good time  
Well all right

(booji boy speaks)

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

(Do you feel it comrades?)

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

It takes a worried man  
To sing a worried song  
I may be worried now  
But I (he) won't be worried long

I see you there  
We'll have a good time  
Well all right
