I'm envious of your i.q. of 37
You, you're the one
It's written all over your face
You, you're the one
I'd like to take your place.
I'm envious of your i.q. of 37
Your lack of brains just drives me crazy
It's the only way to get by and be lazy
You, you're the one

It's written all over your face
You, you're so dumb
I'd like to take your place.
I'm envious of your i.q. of 37
From where I come it's the dumber the better
No-one likes a really go getter
