I've been walkin' in a deep sleep
Sleep walking but I just woke up
From a deep sleep, a very deep sleep

I've been runnin' on remote control
In a deep sleep, a very deep sleep
I awoke the moment I was told

That a smile is just a frown turned around
On the face of a clown with a mean streak

It was a deep sleep, a very deep sleep
I can't remember what I used to know
In my deep sleep, a very deep sleep
Somebody help me now and let me go
Into a deep sleep

Now I just woke up from a deep sleep
Somebody

Push me back now let me go
Into a dream again
To a sleep unlike before
So deep it never ends

I've been caught inside a deep sleep
Sinking deeper after I forgot

That a smile is just a frown turned around
On the face of a clown with a mean streak

In my deep sleep, a very deep sleep
Sleepwalking as I watch myself
In a deep sleep, it's a deep sleep
I keep pretending that it's someone else
In a deep sleep

Now I can't get up of a deep sleep
I'm in a deep sleep
But I just woke up of a deep sleep
Somebody
