Itchy, itchy goo got me thinkin' of you  
Itchy goo, itchy goo, baby I love you  
Itchy goo, itchy goo, itchy goo goo goo  
It's all I wanna do, whammo

Itchy, itchy goo, there's a pile next to you  
Itchy goo, itchy goo and it's turnin' blue  
Itchy goo, itchy goo, itchy goo goo goo  
It's all I wanna do, whammo

You got me runnin' in circles like a big, big baby  
I'm so happy, I just wanna die  
'Cause this baby, love that comes from up above

Move on over, I wanna get closer  
Move on over, wanna twaddle with you  
Move on over, satisfy my urges  
Please, please help, I got the goo goo itch

Itchy, itchy goo, there's a pile next to you  
Itchy goo, itchy goo and it's turnin' blue  
Itchy goo, itchy goo, itchy goo goo goo  
It's all I wanna do, whammo

You got me runnin' in circles like a big, big baby  
I'm so happy, I just wanna die  
'Cause this baby, love that comes from up above

Move on over, I wanna get closer  
Move on over, wanna twaddle with you  
Move on over, satisfy my urges  
Please, please help, I got the goo goo itch

Itchy, itchy goo, got me thinkin' of you  
Itchy goo, itchy goo, oh baby, I love you  
Itchy goo, itchy goo, itchy goo goo goo  
It's all I wanna do, whammo
