Sometimes I sit and reflect on  
Things my daddy said  
Things I should never forget  
Never get out of my head

I'm a fuck  
And I suck  
I'm useless, worthless, I never shut up  
I am weak  
I shouldn't speak  
Got nothing of value to say anyway

These are just things my daddy told me  
These are just things my daddy said  
That I'll never, never, never get out of my head

I'm a whore  
And I'm sure  
To end up with nothing in the end  
I'm scattered  
As if it mattered  
That I can't keep my head on straight  
That's just great

These are just things my daddy told me  
These are just things my daddy said  
That I'll never, never, never get out of my head  
Now I try to escape  
The voices that I hear  
Telling me to do damage  
I know I can make something of myself  
If I can just manage  
To get a grip, get a grip, get a grip, get a grip, get a grip

I'm a snake  
I suffocate  
Can't even make a dime  
There's only one thing  
I'm good for  
Hey, are you looking for a good time?

These are just things my daddy told me  
These are just things my daddy said  
That I'll never, never, never get out of my head

I'm a waste  
And just in case  
I ever start to forget  
You so graciously remind me  
That I'm a great big mistake .....

And I always have to have the last word
