You're my methadone  
My Nutra Sweet  
My false sense of satisfaction

You're my Gucci bag  
Bought on the street  
My own cheap imitation

And I know that I'm just using you  
For my own contentment  
And I know that I'm just leading you on  
What's wrong with that?

You're my silicone  
My plexiglass  
My close approximation

You're my iron lung  
My Jarvik heart  
It's no big revelation

And I know that I'm just using you  
For my own contentment  
And I know that I'm just leading you on

What's wrong with that?

And I know  
That I should let you go  
I shouldn't do to you  
What's been done to me  
But if I can't  
Have what I want  
At least I know  
I can take what I need

And I know that I'm just using you  
For my own contentment  
And I know that I'm just leading you on  
What's wrong with that?

And I know that I'm just using you

I'm just doing what you would do  
If I ever gave you the chance to  
What's wrong with that?
