Every morning I wake up next to you
But this is the first time
I've opened my eyes
And now I realize ...

There's only inches between us
But somehow you're miles away
I can't believe I'm missing you
When you're right in front of my face

It's gonna take a miracle
A miracle

A resurrection
A resurrection
Of our love
It's gonna take a miracle
to raise the dead
A resurrection
A resurrection
Of our love

Every morning you turn away from me
And I don't know why
You don't look in my face
Before you walk away

You used to make me laugh
I wish it could be like that again

But tell me, where do we begin
When we're already at the end?

It's gonna take a miracle
A miracle

A resurrection
A resurrection
Of our love
It's gonna take a miracle
to raise the dead
A resurrection

A resurrection
Of our love

I don't want to let it die
I don't want to let it get away
There's something worth saving
So I'm gonna pray

For a miracle
A miracle ...

A resurrection
Of our love
It's gonna take a miracle
to raise the dead
A resurrection

It's gonna take a miracle
A resurrection
Of our love
