What am I to do?
I just can't seem to get it right.
I fall in love so easily.
These feelings, they come over me,
And it's hard to let go.
I fell so hard for you,
I've tried everything to get over you.
I know I should be over it by now.
I wish I was.

It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
It's not that easy, believe me.
I'll try anything.
Nothing short of everything.

I get so damn confused.
All those small things that you do.
They tell me something differently.
I know it's only inside of me.
It's just hard to let go.
I fell so hard for you,
I've tried everything to get over you.
I know I should be over it by now.
I wish I was.

It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
It's not that easy, believe me.
I'll try anything.
Nothing short of everything.

It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
It's not that easy, believe me.
I'll try anything.
Nothing short of everything.

Everybody says to leave it alone.

If you don't understand,
Just leave me alone.
It's not that easy.
Everybody says to leave it alone.
If you don't understand,
Just leave me alone.
It's not that easy.

It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
It's not that easy, believe me.
I'll try anything.
Nothing short of everything.

It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
It's not that easy, believe me.
I'll try anything.
Nothing short of everything.
