"California Sun"

Visit "[California Sun](#)" on MotoLyrics.com

Remember when I touched your hand
The ocean faded
in
the night
Your song,
your smile,
your texas style
Those blue eyes girl they doing by

I'm so sick
if I don't know
It's not that hard to let it show
Just say the word
and we will go From
every high to every low
This time

We can't go back,
It's too late to say goodbye
We can't turn back time,
I don't wanna turn back time

We can't go back,
Even if we try
We can't turn back time,
I don't wanna turn back time
I'm not waiting for the day when
you come back to the California Sun
The California Sun

This days are gone I wrote this song to say
the words I never said
Leave you behind I lost my mind Can't get you out of
my
head And I can't speak
and I can't sleep
Im not to you
what you are to me

Just take my hand
and you will see
forever yours i could be

This time

We can't go back,
It's too late to say goodbye
We can't turn back time,
I don't wanna turn back time

We can't go back,
even if we try
we Can't turn back time,
I don't wanna turn back time

I'm not waiting for the day when
you come back to the California Sun
The California Sun

You're Beautiful,
You're beautiful
Your face has made mazes in my eyes
You have to loose
some control
And I don't know why

We can't go back,
It's too late to say goodbye
We can't turn back time,
I don't wanna turn back time

We Can't go back,
Even if we try
We can't turn back time,
I don't wanna turn back time

I'm not waiting for
I'm not waiting for
That you turn back time
I don't wanna turn back time

I'm not waiting the day when
you come back To the California Sun
