Smoking fire on a freeway  
I keep watching as you run away  
This is gonna be a long night  
A sirene'd sing you a lullaby  
But its gonna be hard to close your eyes  
Baby let me be your aliby

Is it a crime? Or is it a sign?  
Is it a moment that you would rewind?  
Simple mistake? Or maybe its fate?  
I feel the criminal emotion when our bodies collide

And the sparks will fly, like a neon explosion  
And the sparks will shine like a million sparklights  
and the sparks will fly

I wanna it signed with your photograph  
a search party keeping close behind  
This is gonna be a long night  
Follow me to the safe house  
a quiet place where you can hide  
we can find a way to pass the time

Is it a crime? Or is it a sign?  
is it a moment that you would rewind?  
simple mistake? Or maybe its fate?  
i feel the criminal emotion when our bodyies collide

And the sparks will fly, like a neon explosion  
And the sparks will shine like a million sparklights  
and the sparks will fly,

And the sparks will fly, like a neon explosion  
And the sparks will shine like a million sparklights

And the sparks will fly, like a neon explosion  
And the sparks will shine,

And the sparks will fly, like a neon explosion  
And the sparks will shine like a million sparklights  
And the sparks will fly,  
And the sparks will fly.
