This ones for veterans your attention please  
I can't help but notice you would have died for me  
I'd like to pay my respects so I'm speaking out  
I know it seems sometimes people forget  
The fact we're forever embraced in your debt  
But I'm here to tell ya  
You're what this country is about

[CHORUS]

Thank you for laying it all on the line  
Protecting our freedom, restoring our pride  
For going through hell so we wouldn't have to  
Thank you for standing for all we believe  
For holding your ground when the world was in need  
For giving your heart and your soul to the red, white  
and blue  
When I think of heroes and angels, I think of you

What was it like behind enemy lines?  
Did you fall to your knees asking God why?  
Did you cry for your brothers in arms lost in the flames?  
Did you realize the greatness of your sacrifice?  
Did you know at the time you were saving my life?  
Did you kiss the ground when you came home to the U  
S of A?

CHORUS REPEAT

Thank you for laying it all on the line  
Protecting our freedom, restoring our pride  
For going through hell so we wouldn't have to  
Thank you for standing for all we believe  
For holding your ground when the world was in need  
For giving your heart and your soul to the red, white  
and blue  
When I think of heroes and angels, I think of you

Oh thank you for standing for all we believe  
For holding your ground when the world was in need  
And giving your heart and your soul to the red, white  
and blue  
When I think of heroes and angels

When I think of heroes and angels  
When I think of heroes and angels, I think of you  
I think of you
