He wrote you letters,
And I couldn't care,
'Cause I know you didn't,
You know you didn't,
Still he ran those fingers through your hair,
And he kissed you,
When you let him.
Brazilian sea amazes me.

You wrote me letters
I didn't read.
I know I didn't,
You know I didn't,
Still I caressed you
Sang you to sleep.
Sometimes I told you you were beautiful.
Brazilian sea amazes me.

The day I left you,
Got on the bus.
I knew I'd see you,
You knew I'd see you,
Still you cried, and now I know why.
Ain't it too bad?
I loved you so much
Brazilian sea amazes me
