Its 4:15 in the morning now
Its been a few hours since you've left the house
The lights are dimming
I'm still wondering what went wrong with us
Cuz for the first time
This wasn't my fault

I gave you everything
But it wasn't enough
Cuz your selfishness, destroyed us
What could've been
Guess I'll never know
The hardest part though
Is letting you go

I'll try to move on without losing my mind
I'll try to live without you in my life
I'll try to love (I'll try to love)
Even when my heart starts to cry
This doesn't feel right
I'll try

Oh Oh Oh Oh Oh
Oh Oh Oh Oh Oh

People always say
Don't worry, it'll be ok
What doesn't kill you, will make you stronger
Shared enough memories to fill a lifetime
But too many memories for me to let go

I gave you everything
But it wasn't enough
Cuz your selfishness, tore us apart
What could've been
Guess I'll never know
The hardest part though
Is letting you go

I'll try to move on without losing my mind
I'll try to live without you in my life

I'll try to love (I'll try to love)
Even when my heart starts to cry
This doesn't feel right
I'll try

I gave everything to you
A man can give
But it wasn't enough
I tried (I tried)

And its 4:15 in the morning now
