Verse i:

Only hours have gone by  
And yet a flood of tears  
I've cried struggling with fear  
And now I'm losing you  
I'm torn inside  
And I've been so blind  
Cause I never quite  
Believed that you would want to leave  
Must we let this night end  
With broken hearts unmend  
From hurtful words, selfishly said

Chorus:

Let's not go another  
Having such burdens in our hearts  
With these tears falling from her eyes  
Can we just swallow our pride  
Let's not go another day  
And have the pain inside remain  
Should the next morning sun arise  
I want you by my side

Verse ii:

Only silence filled the room day by day  
Living like strangers without words to say  
We've gone on far too long  
To live like this  
Our lips are sealed in what we feel  
Wounded what we feel, afraid of letting it go

Pride wanting us to go  
And walk straight out of that door

I want to know...i want to know  
Do you love me any more

Chorus:

Let's not go another day  
Having such burdens in our hearts

With these tears falling from our eyes  
Can we just swallow our pride  
Let's not go another day  
Have the pain inside me remain  
Should the next morning sun arise  
I want you by my side

Bridge:

Why do we spend  
Each night in pain and loneliness  
Please tell me why do we let this carry on

Chorus:

Let's not go another day  
(go another day)  
Having such burdens in our hearts  
(in our hearts)  
With these tears falling from our eyes  
(falling from our eyes)  
Can we just swallow our pride  
Let's not go another day  
(swallow my pride, I'm dying inside)  
Let's not go another day  
(let's not go another day)  
And have the pain inside remain  
(can't this be you mean the world to me)  
Should the next morning sun arise  
I want you by my side (I want you by my side)  
(let's put it behind, all the hurting inside)  
Let's not go another day  
(let's not go another day)  
Having such burdens in our hearts  
(so why don't we stop the tears from our eyes)  
Falling from our eyes  
(cause I want you by my side)  
Swallow my pride  
(swallow my pride, I'm dying inside)  
Let's not go another day  
(let's not go another day,  
I can't let this be you mean the world to me)  
Should the next morning sun arise  
(cause I want you by my side)

Let's not go another day  
Having such burdens in our hearts  
With these tears falling from our eyes  
Can we just swallow our pride  
Let's not go another day  
Have the pain inside remain  
Should the next morning sun arise  
I want you by my side
