(e. clarin, r. hidalgo, j.p. riturban, e. cruz)

Verse i:

Why did you leave me with a dying heart
My life without you gonna be so hard
Only pieces of my life remains
Missing memories of yesterday

We were so happy
But now you're gone
And I can't understand it baby
Cloudy days just make me realize
And now I have nothing left to live for tomorrow

Chorus:

Tell me...
Why did you leave me with a dying heart
(why did you leave me...with a dying heart)
My life without you gonna be so hard
(my life with you gonna be so hard)
Only pieces of my life remains
(only pieces of my life remains)
Missing memories of yesterday
(missing memories of yesterday)

Verse ii:

I don't know what went wrong with all of our dreams
I thought our love was so strong
But that love you took away from me

You just left me that day...you didn't even explain
And now I'm living in pain and agony...ohhohh

Chorus:

Tell me...
Why did you leave me with a dying heart
(why did you leave me...with a dying heart)
My life without you gonna be so hard
(my life with you gonna be so hard)
Only pieces of my life remains
(only pieces of my life remains)
Missing memories of yesterday

(missing memories of yesterday)

Bridge:

I know I can't love no more (rodney-no more)
When my heart is so torn (rodney-so torn...ohhh)
It's like I'm losing touch with all reality
The pain it hurts so deep (rodney-so deep)
So down I'm losing all my sleep (rodney-my sleep)
Thoughts of you never seem to leave my mind

Chorus:

Tell me...
Why did you leave me with a dying heart
(why did you leave me...with a dying heart)
My life without you gonna be so hard
(my life with you gonna be so hard)
Only pieces of my life remains
(only pieces of my life remains)
Missing memories of yesterday
(missing memories of yesterday)

Why did you leave me with a dying heart
(why did you leave me...with a dying heart)
My life without you gonna be so hard
(my life with you gonna be so hard)
Only pieces of my life remains
(only pieces of my life remains)
Missing memories of yesterday
(missing memories of yesterday)

Why did you leave me with a dying heart
(why did you leave me...with a dying heart)
My life without you gonna be so hard
(my life with you gonna be so hard)
Only pieces of my life remains
(only pieces...remains)
Missing memories of yesterday
(missing memories of yesterday)
