You left so soon  
We didn't have the chance to say goodbye  
But that's ok we know you didn't want it to be that way  
We stood by you when you fought so hard  
To come back into our lives  
So we all can be happy again  
To hang on as long as you can  
And we will never forget you  
If it means you have to leave us  
To find your happiness  
Then take our love with you  
Wherever you go and don't you ever forget (oh yea)  
To watch over us (we know that you're there)  
To watch over us (your love is everywhere)  
Just watch over us (ooooohhh)  
From heaven  
We miss your smile that gave us joy and laughter in my  
life  
We know one day we all will be together once again  
We stood by you when you fought so hard to come  
back into our lives  
So we all can be happy again  
Hang on as long as you can we will never forget you  
If it means you have to leave us  
To find your happiness then take our love with you  
Wherever you go (wherever you go)  
And don't you ever forget (don't you ever forget)  
To watch over us (we know that you're there)  
To watch over us (your love is everywhere)  
To watch over us  
From heaven  
Talking: there's so many of us  
That you left behind  
But we all know that someday soon there will come a  
time  
A time  
Where we will see each other again  
And we will be together  
Up there in heaven  
We stood by you  
When you fought so hard  
To come back into our lives

So we all can be happy again  
To hang on as long as you can  
And we will never forget you  
If it means you have to leave us  
To find your happiness (happiness)  
Then take our love with you  
Wherever you go (wherever you go)  
And don't you ever forget (don't you ever, don't you  
ever)  
To watch over us (we know that you're there)  
To watch over us (your love is everywhere)  
Just watch over us  
From heaven (from, from heaven)  
From heaven
