(uh.. come on come on come on..uh)

The very thought of you leaving my life.
Broke me down in tears. (you broke me down in tears)
I took for granted all the love that you gave to me
and now that's what i fear
Don't go away...

Every heartbeat
Every moment
Everything i see is you
Please forgive me, i'm so sorry
don't say we're through.

Girl i need you
to be by my side.
Girl i need you
to open up my eyes.
Cuz without you
where would i be?
Yes i need you
Come back to me.

A kiss is not a kiss
without your lips kissing mine.
You bring me paradise. (giving reason to my life)
I can't live if you took your love away from me. (from
me)
Without you I would die..
yeah yeah yeah yeah

Every second
every minute
everytime I close my eyes
I can feel you, so I want you
to stay mine.

Girl i need you
to be by my side. (I need you by my side)
Girl i need you
to open up my eyes. (Without you i would die)

Cuz without you
where would i be (Where would i be)
Yes i need you
Come back to me

come back to me... (with out you)
Oh.. oh (i can't live)
I can't live without you in my life. (with out you)
oh oh oh (i can't live)
I'm so sorry cant you see
wont you stay right here with me.. yeah

Every second
every minute
everytime i close my eyes.
I can feel you, so i want you
to always be mine.

Girl i need you
to be by my side. (To be by my side)
Girl i need you
to open up my eyes. (Will you open up my eyes)
Cuz without you
where would i be? (where would i be)
Yes i need you
Come back to me.

Girl i need you (come back to me)
to be by my side.
Girl i need you (come back to me)
to open up my eyes.
Cuz without you (come back to me)
where would i be?
Yes i need you (come back to me)
Come back to me.

Come on come on come on....
i need you...i want you..to be with me and never leave
(until end)

Girl i need you
to be by my side.
Girl i need you
to open up my eyes.
Cuz without you
where would i be?
Yes i need you
Come back to me.
