Whenever i wake up
the first thing i think of.. is you [oohh...ooooh]
i still cant imagine
that this really happened to me [no.. no...ya....]

i've never felt so alive [no i never..]
ever since you walked into my life [to my life]
somethings come over me
i love what you've done to me
i've fallen for you
and its all because...

you are so wonderful to me [so wonderful baby]
with the way that you..
with the way that you love me
yes you are so wonderful to me
i love the way [with the way..]
that you love me

your love is so precious
that i'll never let this..
ever go [ever go],
ever go [ever go] ever go baby
girl, i cant remember a time when i was ever
[a time when i was ever] so in love [ya..]

words can never explain [never explain]
no no no
all the joy that you give me each day
i never thought love would be
the only thing i would need
i really think you are the one
and its all because..

you are so wonderful to me [so wonderful]
with the way that you..
with the way that you love me baby
yes you are so wonderful to me
i love you more [with the way..]
that you love me

when i'm with my friends

even when i'm all alone
i think of you baby, i think of you
and when the radio
plays your favorite song
i think of you baby, i think of you

i've never felt so alive [no i never..]
ever since you walked into my life [to my life]
somethings come over me
now look what you've done to me
i've fallen for you
and its all because...

[repeat]
you are so wonderful to me [so wonderful]
with the way that you love me
'cause you are so wonderful to me [you're so amazing]
with the way that you love me
