ohhhh...ooo..ohhh..oooo..ohhh.....oooo...ohhhh.....yea

i sit and think about you  
your eyes all come from my heart  
i wish i can give you my love  
but i dont know where to start

all that i ask, is to feel your touch  
and to have your hand in mine  
to feel your heart be next to mine  
would make my dreams come true

Chours:

when im lost will you find my way  
when i cry will you ease my pain  
when i fall will you lift me up  
when i need someone to love

when all the times we shared  
can never be compared  
to the love we had if you were by my side  
this love will never end  
the feeling i, i hold inside  
will you be the one to fill this emptiness

i know that no one could never take your place

[chours]

inside im crying  
so when you open up your arms  
and i pray, that you'll be the one (you'll be the one)

speaking:

your the only one for me

bridge:

when im lost oh girl will you be there?  
when i cry oh girl will be there?  
when i fall girl will be there?  
when i need someone to love?

repeat bridge
