I saw you walking by, and girl you caught my eye  
how could I have been so blind, when you're looking oh  
so fine  
do you see me looking at you?  
come on girl i know you do  
you don't have to turn away cuz all I wanna do is talk to  
you

Ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for  
ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for

I know it gets hard sometimes, to find a man that's  
gonna treat you right  
but I'm gonna tell ya  
I know just what you need and only if you could see that  
I'm that kind of guy who can fulfill your every fantasy

Ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for  
ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for

bridge:  
baby let's see what you and me can become  
if we could be together as one  
I can give a little love you need if we try  
if we could be together as one

ooh ooh I'm talking to you  
wanna spend my life with you  
spend my life just thinking of you  
ooh ooh girl i'm talking to you  
(repeat 3 times)

talkng to you  
(i'm talking to you)

i'm fighting for you  
(i'm fighting for you)  
wanna give you my love  
(wanna give you my love)  
all my love  
(repeat)

all the love (all the love)  
all the love you're looking for  
all my love  
(repeat)

Ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for  
ooh I'm talking to you  
and fighting for you  
to give you all the love you're looking for
