Yo Yo What's Up?  
Yeah!  
Can you hear me?  
Come on everybody let's all get down  
To the place that you've never been before  
It's the Lost Reason brand new shit remix  
You gotta turn it up the stereo Hey yo!

I've been asking to myself,  
What this crazy feeling means to me?  
I need so much more than I can give  
Trying not to think of you  
Tell me where you have been hiding out  
There must be something I can do

Suddenly, I realize the way to go from now on  
I can see, now  
Wanna do, I wanna do  
Take you all the way now  
(Can you hear me?)

You are the reason I'm alive  
(Without you my life is incomplete)  
I can't take this any longer honey, please don't say  
goodbye  
(You gotta stay with me)  
Remember the night I held you tight  
(You are the one, brings out the best of me)  
Before you go make me cry  
Can't you just change your mind?

I've been talking to myself,  
What this dizzy feeling means to me?  
You need so much more than you can give  
Trying not to look for you  
Tell me what you have been keeping up  
There must be somewhere I can go

Finally, I realize the way to go from now on  
I can feel, now  
Wanna do, I wanna do  
Take you all the way now

(Can you hear me?)

I am the reason you're alive  
(With out me girl, your life is incomplete)  
I can't take this any longer honey, don't leave me alone  
(You gotta stay with me)  
Remember the night I held you tight  
(You are the one, who lives inside of me)

Before you go play on me  
Speak with your true mind  
Just one wish,  
(Kakusareta honshin wo Show me),  
Before you deny yourself  
(Te o nobashi te sa? gyutto Hold me)  
Stay with me  
(kasaneta te ga hanarenai you ni)  
Till I get high enough

Uh! yeah! Now get ready yâ'all  
Pass the MIC let's carry on!!  
It's been a long time since the day I first met her  
And I thought she was the "one" forever  
But, break up she's gone now  
Tokei no hari wa modose wa shinai Play back  
Tomo ni sugoshita hibi ga ima Flash back  
Tooku naru kimi no sono sugata  
I gotta let it go now  
She's been haunting me, so get it over  
You're the reason why  
I break down and cry  
No matter how I try  
You're still in my mind!!

(Can you hear me?)

You are the reason I'm alive  
(Without you my life is incomplete)  
I can't take this any longer honey, please don't say  
goodbye  
(You gotta stay with me)  
Remember the night I held you tight  
(You are the one, brings out the best of me)  
Before you go make me cry  
Can't you just change your mind?  
Just one wish,  
(Kakusareta honshin wo Show me),  
Before you deny yourself  
(Te o nobashi te sa? gyutto Hold me)  
Stay with me  
(kasaneta te ga hanarenai you ni)

Till I get high enough

Come on everybody let's all get down to the place  
That you never been before  
It's the "a.b.s. & MICRO" re-mix  
We gonna burn it up and take you all Hey yo!!
