This is my rain dance
All I need
This is my rain dance
All I need
This is my rain dance
All I need
This is my rain dance
Sorry if I rained on your parade

Repeat

After the world turns
And the wind blows
I can make it rain wit a dance yo
Watch the earth shift
Like some loose hips
I'm callin bluffs from hatas with them thunda lips
Lemme get a second
Watch this killa wreck it
On top
Wit times hated but well respected
I can make it rain on ur parade
Anytime you want I can make it go for days
Have you inside lookin out at me
As I'm dancin in the streets
Makin it pour wit the heat
Let the rain fall straight from the sun
May it wash away the pain that's so hard to overcome
Don't waste ur time drippin til you get dry
If there's danger in ur heart
Kill it so it never stops
Quit livin life over a safety net
Ain't no reason to be worried
Come on out and get wet

Chorus

In the night, gettin light
When it strikes
Whoever said that it neva hits twice
Grab your umbrellas

Because I'm giving hell
Who's sportin floods
I heard the rain comin as well
It's about to get crazy
Muddy blacc clouds with our face lookin strange
Cold chills on yo necc when the wind blows
Every place I stomp on this earth
It just explodes
Dancin in the puddle like a kid
I can see the clouds comin in
Shake the underground like a tornado
Ain't a doppler in the world seein what I bring
Let it rain on ur face so ur mind's refreshed
Let it flow down your throat so you rhyme the best
Some say I bring the fountain of youth when it rains
While others sing a song to try and make it go away

Chorus

I'ma le it rain until we're all clean
And wash away the dirty history this world brings
Stay shinin even though I'm muddy
Always starin in the face of people lookin at me funny
Feel the cold air
Don't be so scared
Jus kno one day that they'll get there
Only a few understand what there is to gain
When you underneath the blacc skies dancin in the rain

Chorus

Rain rain go away
Then come bacc another day

This is my rain dance (all I need 9echoed)

Rain rain go away
Then come bacc another day
