I hear you talk about it
What do you know?
I see you write about it
What do you think?
If you have nothing to lose
What do you want?
I'm left alone, abandoned
And you're the one to blame

You always hang around me
I know where you're going, what is going on
We're getting nowhere, baby
Everything is feeling wrong

Hey you, stay away!
When you don't need me
Why do you want me all the time?

Hey you, stay away!
Who do you think you are?
Blowing through my mind

Feel like I'm losing myself
Now that I'm alone
I fall into the edge of night
I still can't work it out

Say, how did I get here?
Please take me to the other side

You always hang around me
I know where you're going, what is going on
We're getting nowhere, baby
Everything is feeling wrong

Hey you, stay away!
When you don't need me
Why do you want me all the time?

Hey you, stay away!
Who do you think you are?
Blowing through my mind

Feel like I'm losing myself
Now that I'm alone
I fall into the edge of night
I still can't work it out
Say, how did I get here?
Please take me to the other side

Hey you, stay away! (2x)
