I can't sleep my sickness doubles every time I kill
I think that I should die by hanging but instead a grand
idea

Suffocating bitches delights me
When they bleed the stench is lovely
Why end myself when there are slobs a plenty
I need to go, my semen is leaking
Semen leaking, madness creeping, mucus seeping out
of me
I saw her from a distance now she'll know the meaning
of true pain

Come with me, come with me, come with me
Come with me to die, come and feel your neck break
Come with me, come with me, come with me
Come with me to die, come and feel your neck break
Come with me, come with me, come with me
Come with me to die, come and feel your neck break

Come with me bitch and see the knife
That won't be denied that tasty cunt
Forced inside while you hang, ever so sweetly
I pull on your legs, juice sprays all over me

Spraying from your face the precious blood, I gorge
your sloppy cunt
Now I'll peel your blood soaked face, oh my god, it
seems I want to feed
I guess I'll have to eat you, hunger I can't control
What is this, her heart still pounding, I'll show this bitch
a world of pain

With my knife I cut off her fingers, in her eyes I see life
drain
Bleeding from every hole in her pretty, filthy, sin filled
body, it's insane
I'll make this party complete, I'll thrust my knife in my
brain
I'm choking on my own lust, the thought of dying while
killing fills me with glee
