[Music by Mueller, Bache, Werning ? Lyrics by Jensen]

With vile intentions, the ground erupts aflame,
Destructive mission, blood-covered hands? Aftermath!
Unchain predictions for all plagues to arise,
Dying times of pure and innocence.
Breathing in ? Aftermath - Breathing out.
Prophetic, unrepented aftermath.
Witness at ease the downfall coming nearer,
Proclaim aloud the end of days,
Breaking out ? Aftermath - Burning up,
Mutilation, desolation, aftermath!
A vain temptation to hold the reigns of death,
Obliteration?s crown you?ll forever wear,
Signs of the end ? Armageddon,
Apocalyptic soundtrack for the lost.
