Prepare the faithful for the final coming of doom  
The sea will part again conjuring deadly plagues  
Prayers of dead light, vicious words unspoken  
Nowhere to run, no hiding from perpetual wrath

Release damnation  
Have no mercy on us

Upon completion the world will be deserted  
All that was before has faded into nothingness  
Eyes of fire unfold the nightmares of creation  
Arising from their failing spiritual demise  
We'll go astray

Armies of Nemesis  
Have no mercy on us

Cursed for eternities  
Saluting the end  
We will never be at peace again

Prepare the faithful for the final coming of doom  
The sea will part again conjuring deadly plagues  
Prayers of dead light, vicious words unspoken  
Nowhere to run, no hiding from perpetual wrath

Armies of Nemesis  
Have no mercy on us

A declaration of insidious blasphemy  
Blessed by emptiness  
Baptized by fire, reduced to ashes  
Our souls will never come to rest

Release damnation  
Have no mercy on us  
Release damnation  
Have no mercy on us

Upon completion the world will be deserted  
All that was before has faded into nothingness  
Eyes of fire unfold the nightmares of creation

Arising from their failing spiritual demise  
We'll go astray

A declaration of insidious blasphemy  
Blessed by emptiness  
Baptized by fire, reduced to ashes  
Our souls will never come to rest

Armies of Nemesis  
Have no mercy on us
