Pretend to smile at me one very last time  
Your glance is full of fraud, venomous treason  
How do you manage to explain and say no words?  
What are you trying to feel when you've empty body  
and mind?

Again and again  
Unspoken defeat

You stand crossing the arms, forbidden touch  
Abstain, avoid to breathe, hiding sympathy  
When did you choose to object and change your fate?  
Who did you think would care?  
While you walk away I'll frown...

How can I win if there's nothing to lose?  
Rejected, banished, tossed away for good...  
There is no cure, these wounds won't heal  
No vanity in defeat

Once and for all  
Unspoken defeat

A thousand times I'll end in nothingness  
Denied, refused, forever pushed aside  
And on my own I'll think aloud: no vanity in defeat

Pretend to smile at me one very last time  
Your glance is full of fraud, venomous treason  
How do you manage to explain and say no words?  
What are you trying to feel when you've empty body  
and mind?

With hopelessness as shelter  
I'll define myself anew

You stand crossing the arms, forbidden touch  
Abstain, avoid to breathe, hiding sympathy  
When did you choose to object and change your fate?  
Who did you think would care?  
While you walk away I'll frown...

Again and again  
Unspoken defeat  
Once and for all  
Unspoken defeat
