Name: amazing
Artist: Dewi Pechler
Being here with you is paradise
I can see forever in your eyes
Never thought I'd feel so close
It's so amazing
Kiss your cherry lips so tender,
I can feel my heart surrender
Never thought that i could feel this way
This passions burning
As we dance into the night
In your arms it feels so right
Feel the heat your body sends
Hope this moment never ends
I know just how I feel
But is this night for real
Is it every thing I'm feeling inside
Chorus =
Being here with you is paradise
I can see forever in your eyes
Never thought I'd feel so close
It's so amazing
I can feel the rhythm of the night
I can feel your body hold me tight
Even in the way you move
It's so amazing
Touch your finger tips so softly
Hardly wait to feel them on me
I can feel it's not juts Physical
It's spiritual
Underneath the shining stars
In a dream and here we both are
We're together in the dark
Feel the screaming in my heart
I know just how I feel
But is this night for real
Is it every thing I'm feeling inside
Repeat chorus
A little piece of paradise
Heaven sent with angel eyes
Just one touch can set me free

It's so amazing to me
Feel the rhythm of the night
Feel your body hold me tight
Even in the way you move
It's so amazing
It's so amazing
Being here with you is paradise
I can see forever in your eyes
Never thought I'd feel so close
It's so amazing
I can feel the rhythm of the night
I can feel your body hold me tight
Even in the way you move
It's so amazing
Being here with you is paradise
I can see forever in your eyes
Never thought I'd feel so close
It's so amazing
I can feel the rhythm of the night
I can feel your body hold me tight
Even in the way you move
It's so amazing
Being here with you is paradise
I can see forever in your eyes
Never thought I'd feel so close
It's so amazing
