Everytime that I think that it's all over
Everytime I'm feeling sad and blue
You're around to be my casanova
To make me feel I love you
Yes I do
Everytime the tide is high I wanna hold you
Everytime my heart is crying inside of me
You're around to be my little soldier
Find to make me happy as can be
Chorus:
I need you tonight
I wanna feel you by my side
The feeling that we share
Is like music in the air
I need you
I need you tonight
Ooh
And never again I wanna feel so lonely
And never again I'm gonna lose it all
You're around to be my one and only
'Cause baby you're the one to catch me when I fall
Together, forever and ever 'till the end of the time
It will be the only thing we'll looking for
And every single moment you are in my mind
Day by day I love you more and more
Chorus
Tonight you will see
What you mean to me
Baby living it up, never giving it up, 'till the
morninglight
I need you
I need you tonight
Yeah
Chorus
I
Tonight you will see
What you mean to me
Baby living it up, never giving it up, 'till the
morninglight
I need you
I need you tonight

I need you tonight
Yeah
I need you tonight
Ooh
Yeah
Yeah
Yeah
I need you tonight
I need you tonight
