Walk Hard, Hard.
Down lifes rocky road
Walk bold, hard.
That's my creed my code.

I've been sworned and slandered and ridiculed too.
Had to struggle every day my whole life through.
Seen my share of the worst that this world can give.
But I still got a dream and a burnin' rage to live.

Walk hard, hard
When they say "Your all done."
Walk bold, hard
Though they say "Your not the one."

Even if you've been told time and time again
That your always gonna lose and your never gonna win.
Gotta keep that vision in your minds eyes
When your standing on top of a mountain high.

You know when I was a boy
Folks used to say to me
"slow down Dewey, don't walk so hard"
And I used to tell them
"lifes a race and I'm in it to win it,
And I'll walk as damn hard as I please."

How do I walk boys?
Haaaaaaaaaaaaaaaaaaaaarrdd!

When I meet my maker on my dyin' day
Gonna look him in the eyes and by god I'll say
"I gave my word and my word was good,
I took it in the face and I walked as hard as I could."

Walk hard, hard.
Walk hard, hard.
Walk hard, hard.
Walk Haaaaaaaaaaaaaaaaaaaaaaarrddd!
