"If you search then one day you'll find
All the dreams that you keep inside
If you look then you just might find
All your hopes they will come alive
You just keep reaching for a world that waits for you
And you are the things that you do
Do you know where you're going to
Where the road of life is taking you
If you look deep inside your soul
You will be who you wanna be
You just keep reaching for a world that waits for you
And you are the things that you do
Yes you are the things that you do
All your life
You've been looking for the answers
To the questions in your heart
And everyday
Is a day to take your chances
'Till you find
That you are the things that you do
If you search then one day you'll find
All the dreams that you keep inside
If you look then you just might find
All your hopes they will come alive
You just keep reaching for a world that waits for you
And you are the things that you do
Yes you are the things that you do"
