"Avalon"

I wanna sit you down and tell you how I'm feeling
Break away and live the life that we've been dreaming
Of a place called Avalon
Walk a million miles, feel the rhythm of the sunlight
Disconnect from everything that doesn't feel right
Yeah, we belong in Avalon

Avalon
Avalon
Takes my breath away
Makes me wanna stay with you (Makes me wanna stay)
Avalon
Avalon
I'd give it all away
For another day with you

Leave it all and we'll find a new beginning
Our eyes are open wide and we know that we'll be
getting
Another chance in Avalon
We always live our lives like we're trapped with
limitations
It's time to break free from all of our frustrations
We are reborn in Avalon

Avalon
Avalon
Takes my breath away
Makes me wanna stay with you (Make me wanna stay)
Avalon
Avalon
I'd give it all away
For another day with you

My days and nights, they are confused
There was a time I could not find you, ooo
My inner light has been abused
Now I'm reaching out and I need you, yeah, I need you

Leave it all and we'll find a new beginning

Our eyes are open wide and we know that we'll be
getting
Another chance in Avalon

Avalon
Avalon
I'd give it all away
For another day with you, ooo
Avalon
Avalon
It takes my breath away
And makes me wanna stay with you, ooo

Avalon
Avalon
I'd give it all away
For another day with you
I'd give it all away
For another day with you
(Give it all away
Give it all away
Give it all away
Give it all away)
