Just like a diamond from the sky
You were a Star shining bright for me
But now it's fading, fading.....
Carry my soul upon the wind
Soaring so high, oh you gave me wings
Now I'm left wandering

Where are you now!
Cause I need to have you right here next to me
Your not around, feels like you took the air I breath
I hear the sound, of my lonely heart beat calling up to
yours
You can't be found, oh where are you now.

Told me you'd never leave my side
But time passes bye
It seems so real to me
Was I just dreaming, dreaming.

You put the wine
I drank it up
I'm drunk on your love
now I thirst for you
But my cup is empty.. empty..

Where are you now!
Cause I need to have you right here next to me
Your not around, feels like you took the air I breath
I hear the sound, of my lonely heart beat calling up to
yours
You can't be found, oh where are you now.

I thought we were in love...,
Or meant to be together
Think what we had was
Ever lasting, ending never
How could everything be gone!
You're not with me tonight
When you should be here

Holding me tight(X3)

Where are you now!
Cause I need to have you right here next to me
Your not around, feels like you took the air I breath
I hear the sound, of my lonely heart beat calling up to
yours
You can't be found, oh where are you now. (x3)
