You sit in a stairwell, there is no sound
You feel like a king that has lost his crown
You're not turning heads in a beat up truck
You think you'll never win 'cause you've got bad luck

Well, it might get better
Because it can't get any worse

This wonderland
Is this the life you thought you would have
This wonderland
Is this where you dreamed you'd be at

Well, it might get better
Because it can't get any worse

Monday's bad, but Friday's worse
You called for a cab and they sent a hearse
You wanna go out, but there's nowhere to go
You're still stuck in the middle of a bad TV show

Well, it might get better
Because it can't get any worse

This wonderland
Is this the life that you thought you would have
This wonderland
Is this where you dreamed you'd be at

This wonderland
Is this the life that you thought you would have
This wonderland
Is this where you dreamed you'd be at

This wonderland
Is this the life that you thought you would have
This wonderland
Is this all you can give, oh yeah

This wonderland, this wonderland
This wonderland, this wonderland
