Captured my heart
Captured my memory
Captured a time for me
But I could see
It's gonna be deep in my heart
And deep in my memory
Deep in a part of me
The heart of me
It's gonna be
Could it be that I'm still wondering

I never knew what had happened to me
I didn't think it was true
That I could be just like anyone else
But I'll take my chance with you

Picture a dream
Picture a fantasy
Picture what used to be
You and me, history
I'm lost in a dream
I'm lost in a fantasy
I'm lost in what used to be
You and me, history

Still in all I just keep wondering
I never knew what had happened to me
I didn't think it was true
That I could be just like anyone else
But I'll take my chance with you

I never knew what had happened to me
I didn't think it was true
That I could be just like anyone else
But I'll take my chance with you

Let's have a drink
It's Marguerita time
It's Marguerita time
Yours and mine, summertime
You still always find me wondering

I never knew what had happened to me
I didn't think it was true
That I could be just like anyone else
I'll take my chance with you
That I could be just like anyone else
I'll take my chance with you
