Let me tell you about another story(tell me about that one)

About a Toledo Girl

She was a Maumee Girl and she had a lexus,  
in the glass city and she got all wreckless

T-town, J-Kruz, I nearly died

my only station 98 bumpin in my ride

she was a midwest Girl w/goochie kicks

at frenchtown w/them big ol' (damn!)

Toledo thang w/an attitude

lookin good now Damn! watch them scarf the food

hit the buffet damn i checked the ass a double deuce  
(deuce!)

w/some nasty gas

It's J-Kruz (yeah yeah) no he aint no kid

Tower DF Dub and you know what we did huh huh

(imagine that)

I fell in love with a Temperence Girl (Temperence!)

she kinda look like my uncle Earl

I fell in love with a Maumee girl (Maumee!)

I got with it and my sausage curled

I fell in love with a Monroe Girl (Monroe!)

she was furry like a lil squirrel (woo)

I fell in love with a T-town Girl (T-town!)

I got with it and she Rocked my world!

She was a country girl from Cleburne, Texas

In a big city and she liked my necklace (Bling Bling)

So we started talking, while we took a ride

In the big pick-up truck and my hat was to the side (Oh  
yea)

She was a country girl, from the class of '96

A big booty with some big ole country (damn)

A country name with some country attitude

Say yes Ma'am, but at times she's kinda rude

A daddy's girl, so I had to watch my ass

Six three, Mr. Hill would whoop my ass

We can't kick it, I'm a city kid

Imagine what would happen if he knew what we did (we  
did)

Oh yea

[chorus]

I fell in love with a country girl  
A city kid in a different world  
[Repeat 4x]

She likes country livin' and acoustic guitars  
And Kenny Chesney and country bars  
And Cadillacs and I couldn't relate  
I'm just a concrete kid on a country date  
And her dad hated me, mnhmm, I knew it  
Didn't like my tattoos, pierced ears and black music  
We still chill cow tipping and tripping  
With that brush popper shirt flipped back cuz she was  
dipping (Oh yea)  
She was a country girl home cookin' and grubbin'  
(Hmm)  
Ain't used to my style big limos and clubbin' (We be  
clubbin')

A city kid and I'm doing my thang  
I like an old country girl  
this is how I sing

[chorus]  
I fell in love with a country girl  
A city kid in a different world  
[Repeat 4x]

Oh yea

A country girl cut off jeans and lollipops  
Tequila shots, tube tops and liquor stops  
A country girl with them country ways  
Livin' big city nights but them country days (Ugh)  
A country girl don't understand thuggin' (What)  
A country girl tractors and beer chuggin'  
A country girl pigtails and care free  
No direct dish, just Channel 3 (Oh, wait a minute)

This the only channel you have?  
What the?  
Oh yea!

[chorus]  
I fell in love with a country girl  
A city kid in a different world  
[Repeat 4x]

Oh yea  
Country Girls....Taste like the Maumee River!
