Fight 'till the end
Ont he wings of time
I'll find another way to live my life

I can feel in the air
Never change my mind
I'm gonna stop to live another day

I cannot feel 'cause I'm so high
How can you feel that I'm still flyin'
Nobody's know what I'm still tryin to figure out
I'm gonna stop to cry

You'd better keep on tryin'
(All night long)
Can you leave your life in his hand
You'd better running out from here
(Out from here)
Can you feel that I'm in your hand

Lost and alone at the end of time
Lying on the edge to be alive
There's a feeling in the air
I can't waste my all my life
I'll never touch your eyes before I'll die

I cannot feel 'cause I'm so high
How can you feel that I'm still flyin'
Nobody's know what I'm still tryin to figure out
I'm gonna stop to cry

You'd better keep on tryin'
(All night long)
Can you leave your life in his hand
You'd better running out from here
(Out from here)
Can you feel that I'm in your hand
