Everytime I'll be wait for so long
The voice of my heart still cryin'
Stay with me for the rest of the days of my life

I'll must be strong everyday and night
Alone in this falling time
Facin the truth I will rise from the grave of your lies

I'm not afraid, you're my guiding light that's shine on
my way

Feelin' love through my desperate pain
Nothing last forever
Now that I know what I felt I'm ready for

I'm not afraid, you're my guiding light that's shining on
my way

Wait for the end of the night
Keep your deepest desire
Leave in this world what we know I'm starting to fly
away

Across the desert no mountain to climb
I'll survive enough to see
My life in peace with my destiny

My pride will never end up in chains
No matter where I'm going
Trus in myself I will rise from the grave of your lies

I'm not afraid, you're my guiding light that's shining on
my way
