I just want to live my life for you  
Feel your presence was the first thing for me  
See my soul, crying this tears for the best friend I had  
That I had, I miss you

Waking up this morning and I'm feeling sad and lost  
Looking down this bed that will remain so empty

I'll be there all day long I'll take care of you

Save our love, don't look back don't believe what they  
say  
Take my heart away, so far away, it's no

T too late  
It's not too late for me

In the clothes, I can see a little shapes of you  
Who's to blame, for this shame I'm dressing on  
We walk this road without fear  
I will deny all these lies

Take my hands and take my life, ride the stars through  
this night  
Can I help you this time  
Take my dreams away, so far away, it's not too late  
It's not too late for me
