"Bring Down Tomorrow"

Do you know?
tomorrow I'll be gone.
I need to run away, from home I am.
And you know.
It's a pretty world outside.
But take a look within my heart is worn out.

I don't wanna bring down tomorrow
I just wanna live another day.
what's going trough my head now, that I'm about to
throw it all away.
I don't wanna bring down tomorrow, today.

Time is up.
I take it like a man.
Don't like the way I am, Sometimes it hurts.
I'm playing a fool but I know just what to do.
Can't make it up to you.
So let me go.

I don't wanna bring down tomorrow.
I just wanna live another day.
What's going through my head now, that I'm about to
throw it all away.
I don't wanna bring down tomorrow.
I just wanna live another day.
I don't care, what I swear!

tell me, tell me where we're standing.
Do you still believe in, in everything we have?
Maybe, maybe I am drowning.
I'll try to find surface.
We can work it out.

I don't wanna bring down tomorrow.
I just wanna live another day.
What's going through my head now, that I'm about to
throw it all away.
I don't wanna bring down tomorrow.
I just wanna live another day.
I don't care, and I swear today.
